

Homework Journals: Due at the end of each month

Please help your child pace himself/herself throughout the month with the assignments. It would be wonderful if you would lend support when needed. Please use this rubric to provide feedback to your student as he/she completes assignments.

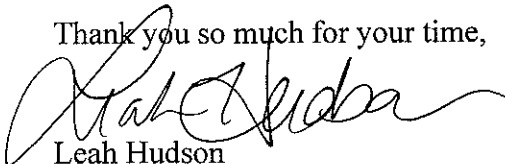

- 4** The child has responded to the prompt completely and has gone above and beyond the requirements. He/she has shown creativity, and has used excellent vocabulary, spelling, and organization. I can truly hear the child's "voice."
- 3** The child has completed the assignment thoroughly. He/she has spelled "no-excuse" words correctly and has used periods and capitals correctly. He/she has met the expectations.
- 2** The child does not completely answer the question or accomplish the task. The writing may be messy and careless. Spelling may not have been a priority.
- 1** The child does not complete the assignment, nor does he/she attempt to use spelling, punctuation, or capitals.
- 0** The child has not made an attempt to answer the prompt.

Hello parents of Mr. Carlson's 3rd Grade Charles Hay World School students,

I am Leah Hudson, and I am student teaching (field experience) for Mr. Carlson for this fall semester. Currently, I am an Education Licensure K-6 student at Metropolitan State College of Denver and I hope to be teaching full-time by next fall. After receiving a bachelor degree in Psychology with an emphasis in neuroscience and another in Integrative Physiology from the University of Colorado at Boulder, I decided that I wanted to do something special with all years of education I received. In about my last semester of college, I decided that my passion lied in teaching younger people after helping a friend teach a junior martial arts class. The pure happiness, love, and kindness that children demonstrate always make me feel like it's the first day of Christmas. Being able to nourish a child's mind and be a positive role model for children is not only an amazing experience, but something that makes me incredibly happy everyday.

Being the third school I have student taught at, Charles Hay has by far been the most enjoyable experience. Unlike other elementary schools, Charles Hay offers an education that is more cultural and well rounded. Students from Charles Hay will be having an edge on other students from other schools because they will have the awareness and critical thinking skills necessary to be successful in life. Charles Hay is also a very special school to attend in that it also has Mr. Carlson as a teacher. His skills in teaching literacy and inquiry based instruction make a student's time in school worthwhile as well beneficial. I am incredibly lucky to be at Charles Hay with Mr. Carlson for my last semester before full time student teaching, and I look forward to the upcoming months. I am super excited to get to know and learn from your children, they are truly special. If you have any questions or comments feel free to contact me

Thank you so much for your time,
