I.B. Opportunities

We are building
communication skills and
thinking skills as we explore
"How We Express Ourselves."

IT'S SHOWTIME!

Thanks to all who attended our recent musical performance at the Cougar Roar assembly! As part of our continuing study of folktales, we are once again planning another performance. We are working with Mrs. Grady's class on a readers' theater of the tale "Cinderella Around the World," by Jenny Kidd. Thanks to Grace's Grammy Di for helping us to launch this!

Students also have begun writing their own versions of Cinderella stories. As a final project for this unit of inquiry, we plan to co-write a special piece, the content of which is a surprise that will soon be announced to students...

We are currently excited about learning to multiply and divide, working in the science lab, and discussing current events such as the Olympics, the space station, and King Tut's DNA.

We're looking forward to seeing you at student-led conferences later this month!
