

CARLSON

COMMUNICATOR

Reminders

Field Day:
Friday, 5/21
Last Day of School:
Wednesday, 5/26

Happy Birthday!

May: India
June: John, Jaide, Brianna
July: Anna, Mr. Carlson
August: Aidan

**Congratulations,
Cougar Kid!**

John

I.B. Opportunities

Our final unit of inquiry has us exploring "Sharing Our Planet" through reducing, reusing, and recycling

SAYONARA, ROOM 11: THIRD GRADE OR BUST!

From the National Education Association

"Summer is the time to learn for the sake of learning. Learn a craft, create a photo journal, draw sketches of insects, read comic books!

Practice math daily. Measure items around the house. Cooking is a chance to learn fractions.

Get out and play. Physical activity contributes to healthy development.

Do good deeds. Students learn better and 'act out' less when they engage in community service."

Congratulations to all second graders from Room 11! We have enjoyed a great year of learning together, and are prepared to tackle the challenges of the third grade. Having taught the third grade, Mr. Carlson recommends staying on top of reading, writing, and math facts during the summer.

Summer is also a great season to explore the many educational, "real world" experiences that Colorado offers. Have you thought about checking out the Colorado Capitol and U.S. Mint at Denver? Red Rocks, Dinosaur Ridge, and numerous mines are all a short drive from Denver. The mountains also provide many opportunities for discovery.

Enjoy the adventure as you and your learner explore Colorado!

A Note from Mr. C.

After an amazing year in second grade, I am excited to announce that your students are not the only ones continuing to third grade. I also am moving up!

Third grade is an exciting, challenging year. I am very pleased with the tremendous academic growth that has occurred this year, and I look forward to guiding my future third graders as they become even more critical and advanced thinkers.
